Appointments

Consultations are by appointment and can be booked in person or over the telephone during opening hours.

The doctor also offers appointments on alternate Saturdays to accommodate those unable to visit us during the week.

Telephone Calls

Telephone calls to the doctor can be put through after morning surgery; it is not possible to speak to the doctor whilst he is with a patient. Please call between 12:00 and 12:30 after surgery has ended and we will endeavour to put you straight through to the doctor.
